I started my professional career at year 2004 in Java/J2EE development. In year 2005 I started to work in J2EE development with SAP Netweaver Technologies, using following products: SAP ICSS, J2EEngine, WebDynpro Java, JCo, Visual Composer and SAP EP.

I also have deep knowledge on Web Development and Accessibility (HTML, CSS, Javascript) and other languages like ASP.NET, PHP or Ruby.

Since year 2010 I work on Mobile Applications development for several platforms (iOS, Android, Windows Mobile and Windows Phone) and SAP MEAP (Sybase Unwired Platform and Gateway).

Currently in charge of design and deployment of Unisys ESCoE Project Management and Development Methodology and Agile transfornmation.
